Cover: **Honk Falls**, "Napanoch," Town of Wawarsing, Ulster County, New York, USA. As rendered in a classic photo postcard (from the collection of John Unverzagt) by Ellenville's turn-of-the-century (early 20th Century, that is) star photographer, A.V. Porter. Porter, whose studio was in what is now the Shadowland Theatre, chronicled the natural and man-made wonders of the Ellenville area in portraits and post cards in the early 1900s. Read about Napanoch waterpower on page 18!

We have all followed the plight of a certain Hollywood actress. You know the one... she stole five thousand dollars worth of clothes. Her punishment: COMMUNITY SERVICE! I am sure legal minds are able to explain such a sentence in logical fashion. I doubt that when this actress's time of punishment is over you will find her in service to ANY community. While organizations of all types are always in need of volunteers, there must be a better way to fill the ranks!

Community service is the quickest, simplest, and most cost-effective way to have positive change in a community. These efforts should be second nature to all of us... not some of us. In fact, service to your community can be a great way to not only give to others, but to also give to your family. That's right... your family. Sharing your efforts with your family can be a truly rewarding experience. Teaching your family to be contributing members of society instills truly admirable traits.

Working together will not only strengthen your community, but your family relationships. If each of our families become active in one of our many service organizations this year, our village, hamlets, and town will be transformed well before our bicentennial celebration in 2006.

Take up this challenge; I promise that, even before the end of this year, our community – and your family – will appreciate the efforts and time invested.

Sincerely,

Dr. Mark Craft
President
