

managed and what improvements may be possible. As a designated Byway, the route will receive special consideration for funding improvements.

We will be able to develop strategic programs to direct tourists to various places of interest throughout the region. This will help to improve the traffic flow and management of the growing number of people visiting the Shawangunks, while contributing to economic growth in our towns, villages, and hamlets.

The Byway plan will encourage the preservation of the natural and scenic resources of our region. Since Steering Committee members represent all the municipalities along the route, respect for home rule is assured. This will be a plan to serve our needs, not mandates required by New York State.

This is an opportunity for our communities to develop a cooperative and cohesive plan for our region and the network of roads which connects all of us around and

through the Shawangunks. For the Byway plan to succeed, your thoughts, concerns, and suggestions are needed.

Please attend one of the scheduled local meetings in our area: Village of Ellenville, **April 14, 7:00 PM, Ellenville High School Lecture Room, Maple Ave.**, Committee Rep. Iris Friedman; Town of Wawarsing, **April 17, 7:00 PM, Wawarsing Town Hall, 108 Canal St.**, Committee Rep. Tom Gale.

For more information about this statewide program, visit the NYS Department of Transportation's Scenic Byways Web site at

Yes, it's time for a chiropractor.

Stress. It's not just in your head. In fact, stress can—and often does—affect your entire nervous system. Your doctor of chiropractic can offer you health care that focuses on the core of your nervous system and its relationship to your spinal column. Care that gets to the source of stress-related symptoms. And, most important, care that strengthens and rejuvenates your body's natural ability to ward off the debilitating effects of stress. So use your head. Yes, it's time for a chiropractor.

Call for your appointment today.
