To the Editor:

The entire community of the Ellenville School District should be extremely proud of the students, teachers, and parents who helped "pull off" one of the best performances of *The Sound Of Music*!

The show was flawless... the singing was spectacular... and the acting was superb! With only a minimal amount of time to rehearse the show, due to snow days and the oil spill, they all came together and produced a beautiful, extremely professional performance! The school administrators, Board of Education, and the surrounding community should be very proud!

We are very lucky to have people so dedicated in bringing quality shows to our community. Thank You!

Sometimes, due to lack of space, or an oversight, an item fails to make it into the appropriate article. The above picture, from John Unverzagt, shows the pre-Shadowland Theatre building as it would have looked in the 'Teens. Below, a picture of the Canal Telegraph Office, in its original location, that wasn't available for Issue #2.
