1. James V. Dolaway
2. for Wawarsing Town Supervisor
3. Democrat; plus "Clean Sweep" line
4. Wawarsing Town Councilman (1998-01); Ellenville-Wawarsing Chamber of Commerce, Board of Directors (1996-01), President (1998-99); Napanoch Public Interest Group, Board of Directors (2002- )
5. Owner of James' General Store
6. Married to Denise, 17 years
7. 19-plus years in area; business degree from Orange County Community College
8. Ellenville-Wawarsing Chamber of Commerce; Noonday Club; July 4th Committee; Napanoch Public Interest Group

1. Many people have encouraged and supported my decision to run for Supervisor. Hard work and planning has made this the right time to throw my hat into the ring.

2. I have done payroll, balanced checkbooks, and produced profit-and-loss statements. I am the bookkeeper for James' General Store. This experience will help me as Chief Fiscal Officer of the Town of Wawarsing. I have observed town government under three Supervisors by attending meetings for the last 10 years. While on the Town Board, I served with two different Supervisors.

3. Many problems remain with the Napanoch Water District, but it must come to fruition. Put the casino issue to a public referendum and let the residents of Wawarsing decide what's best for Wawarsing, not the county and state governments. The Napanoch Mall: we need to fill this void, along with bringing other retail interests to our area.

1. Cleaning up the town and giving it a more aesthetic appearance so we can encourage more people and businesses to invest in the Village and Town. Getting the county, state, and federal governments to replace the bridge in Kerhonkson.

2. The casino issue could be the most important if it were to happen. Developing a master plan for the Town, including the Village, and seeing what we could be if we all work together.

3. Instead of a member item grant for the parks or sidewalks, let's use one instead to hire a person for at least two years to work on promoting our area, seeking grants, and finding out what the majority of residents want our community to look like in the next five, ten, or twenty years.

4. The airport cost the Wawarsing taxpayers \$35,000 a year to maintain with no foreseeable revenue attained. Sharing assets and equipment with the Village of Ellenville and other near by communities. Let's look into a joint Town/Village Hall to save costs and improve communications and services.

Ray Lux

1. Ray Lux
2. for Wawarsing Town Supervisor
3. Republican; plus "We the People" line
4. Wawarsing Town Councilman (2001- )
5. Former Owner, Infinity Office Products
6. Wife Lorraine, four Sons (one Naval Intelligence officer, two in Air Force satellite program, one contractor)
7. 17 years living in area
8. President, Wawarsing Rod & Gun Club; VP, Ulster Heights Rod & Gun Club; Executive Secretary, Ulster County Federated Sportsmen; Chairman, Catskill Region Friends of NRA; NYS Coordinator, Eddie Eagle Program; Noonday Club; BPOE 1971; Fourth of July Committee; American Legion social club

1. We are in a turning point in this town, and I feel I am open-minded to change, yet willing to protect our heritage. I know I can help steer us into the age of technology needed to compete for businesses and jobs, and protect the balance of our country-style living.

2. Having two years current experience on the town board, I am familiar with current projects and the daily workings of town government. Having been a business owner, I will be bringing the experience of managing business affairs.

3. See the completion of some long-running projects; create a strong business district; close the gap between the Town and Village; give the residents good government at a fair, affordable price.

1. Completion of the Napanoch water project; dealing with the current growth.

2. I don't feel that casino gambling is even an issue at this time; if it should materialize, it will be well in the future. Long term, I believe we need to increase both residential and commercial tax base on the town and county level so we are able to improve services without tax increases and promote tourism.

3. Promote our work force; competitive tax incentives; work closely with the Ulster County Developmental Corp.; utilize our Wawarsing Revolving Loan Fund; promote the town and village as aggressive, pro-business communities.

4. Combining some of the town and village services; removing our government from the real estate business; carefully investigate all new projects before they begin; promote our community as a healthy, fun place to live and work, so as to increase our tax base.

Pat Santoro

1. The town is in severe financial trouble. I believe I can turn it around by being honest and open with the people and by always asking – not telling – the people what they want or need. I also believe I can do it with a bare-bones budget.

2. I believe I have the ability and integrity to bring the town out of the poverty level now and for the next generation, and keep the quality of life the people deserve.

3. Prosperity for the townspeople. Jobs, businesses, and less taxes.

1. Finances – the town has wasted needed tax money on too many pipe dreams that do not benefit the townspeople as a whole, as it should.

2. Recuperating from overspending, loss of jobs, businesses, and loss of trust in government.

3. We can only attract businesses and keep them here if the people are willing to patronize them. Without the backing, support and input of the community, businesses can't afford to stay. It takes a community working together to keep them here.

4. The town can stop the waste of tax money on projects to nowhere which do not benefit or improve our fiscal infrastructure at all, but continues to waste our hard earned tax dollars.
