9. Beautification Committee; Shiloh Baptist Church Youth Activities Committee, and Willing Workers Committee

I've been ready and willing to listen to all your concerns. My reason for running again is to try and complete some of the projects that have been started. The village is undergoing several projects which include a new municipal building, sewer improvement project, and community development block grants for improvements to the Park Street areas, including Home Rehabilitation.

I'd like to see a village that is more attractive. I'd also like to see taxes lowered. We can attract more businesses and keep businesses in the area if the taxes are lowered. One way I see of lowering taxes is to consolidate services. A new Master Plan should be forthcoming along with a Historic Preservation Commission with members from both the village and the town.

If I'm re-elected, I'll strive to work toward ways of lowering taxes and making our village a more attractive place to live and work.

9. American Legion Cook-Taylor Post.

I think that we should do whatever is possible to not lose the Hospital. The Hospital is our most important asset to this community, both for the health and welfare of our residents and anyone who comes to visit Ellenville or our neighbors. Primary emergency treatment is essential if we want to attract any business or industry.

In order to keep businesses here we must shop here. I will develop a committee of business owners to develop incentives to keep business in town. Yes, services should be shared between the village and town where possible including possible combined town and village office building.

Thank you for your support.

Steve Krulick

1. Steve Krulick
2. Village Trustee (1-year term)
3. Green; *Democrat & Clean Sweep* lines
4. Secretary, Green Party of Ulster County (02-); State Committeeperson, Green Party (01-02); UC Environmental Management Council, Ellenville Rep (81)
5. President, Kryolux, Inc. since 1984; Publisher, Ellenville News (83-84); Co-Founder, Bio-Energy Systems/Besicorp Inc. (76-81)
6. Wife Dianne (formerly Spevak) is teacher at Ellenville Central School
7. Owns Ellenville home since 1980
8. Communications Major, Queens College
9. Noonday Club (was Secretary & 2nd VP); Editor, Wawarsing.Net Magazine, for Ellenville-Wawarsing Chamber of Commerce (member)

I was asked to run by those seeking a fiercely independent creative thinker and strategist, experienced communicator and asker of tough questions, and innovative entrepreneur and problem-solver/preventer. I welcome the opportunity to further serve my adopted community (half my life here now!).

I want to increase communication, citizen input, active participation, and democracy in all levels and aspects of local government, reduce public cynicism, and restore community pride. Ellenville must be made more livable... and more lovable.

We must have fiscally-prudent and vigilant oversight; sensible planning and responsible, sustainable economic development. The Greater Ellenville Area must be analyzed for features and "benefits," and professionally "packaged," just like any product, and then vigorously promoted to prime businesses and potential development partners – online, in the media, and directly.

Village and town must cooperate for our mutual concerns; I'm for maximum communication, consolidation, and even combination, if it proves in our best interest.
