*Ellenville Regional Hospital* is extremely proud to welcome Dr. Richard Moscovitz and Registered Specialist Assistant (R.S.A.) Barry Greenstein to their facility (above photo, left to right).

His surgical practice includes total joint replacements such as hips and knees, and arthroscopic reconstruction of shoulders and knees. For those athletes among us, he provides guidance in exercise, weight training, and nutritional consultation.

Steven Kelley, CEO of *Ellenville Regional Hospital*, is thrilled to have an orthopedist of Dr. Moscovitz's caliber servicing patients in Ellenville. "He brings with him a level of experience and expertise that will greatly benefit our patients," stated Kelley. He added, "Under the care of Dr. Moscovitz and Barry Greenstein, our patients will be able to receive superior orthopaedic care right in their own community."

"I am very happy to join the *Ellenville Regional Hospital* staff, and I look forward to working with the nurses and other staff members to bring this type of healthcare to the community," said Dr. Moscovitz.

After completing his BA at Cornell University, Dr. Moscovitz received his Medical Degree from Chicago Medical School.
