

Renowned local artist Roger Baker installs and levels one of five niche lintels, as he begins the mural on the old Ellenville National Bank wall, part of the Resnick Park development project; the niches, first series of five pictures, and surrounding artwork and topiary, are expected to be ready this autumn, in time for the Park's dedication.

## Village Receives \$400,000 Revitalization Grant

The Village of Ellenville received notification from Governor Pataki that it is the recipient of a \$400,000 neighborhood revitalization grant through the New York State Division of Housing and Community Renewal and the Housing Trust Fund Corporation.

Park Street and Circle Avenue have been identified as an area in need of moderate rehabilitation of both owner-occupied and multiple-dwelling units. The neighborhood has been targeted as a crucial piece for community development because of its aging housing stock and its close proximity to municipal services. The area was identified as a result of the *Neighborhood Walk Program* instituted under Mayor Jeffrey Kaplan, who remarked that "the Village stands ready and willing to assist in ways to improve the quality of life for our residents and will continue to strive to transform neighborhoods like Park & Circle back to the showcase they once were."
