## Shadowland's 20<sup>th</sup> Anniversary Honors Cooperative Artists

by Shelley Collier, member, Shadowland Board

In honor of its 20<sup>th</sup> anniversary, the *Shadowland Theatre* is pleased and honored to recognize its original founding members—Cooperative Artists. The *Shadowland Theatre* has just completed its 20<sup>th</sup> season of producing distinctive professional theatre. It is the only non-profit professional theatre in Ulster County.

The Cooperative Artists were a group of New York City theater people who had come to Ellenville and, with the support of the community, restored, revived and re-opened the *Shadowland Theatre* as a professional play-house on the night of June 1, 1985. Ron Marquette (*photo, right*) and Andy Walter (*photo, left*) are among the 26 original founding members that have stayed in the area and have remained supporters of the *Theatre*.

The Cooperative Artists will be appropriately honored at the *Shadowland Theatre's Annual Dinner Dance*, which will be held on **Saturday, October 30<sup>th</sup>** at the Wallkill Golf Club in Circleville, New York. Cocktails, hors d'oeuvres and a silent auction will begin at **6:00 PM** followed by dinner and dancing.

Please join us as we recognize those individuals who have made a difference in our community. Tickets are \$90 each. All proceeds of the auction and dinner benefit the *Shadowland Theatre*. For information or dinner reservations, please contact the *Shadowland Theatre* at 647-5511 or email [bill@shadowlandtheatre.org](mailto:bill@shadowlandtheatre.org).

Each year, youths under the age of 15 suffer more than 227,100 soccer related injuries. Although soccer can be a great overall sport for children, some youngsters are enduring mild-to-severe head traumas, neck injuries, damage to the cervical spine, headache, neck pain, dizziness, irritability, and insomnia as a result of their participation in this sport.

The doctors at **Craft Chiropractic** have received specialized training in the treatment and prevention of sports-related injuries.
