ERH Profits from Dinner & Journal

On October 19th, *Ellenville Regional Hospital* CEO Steven Kelley and Board President Robert H. Kuhlmann were presented with a check in the amount of \$41,150.04 for the benefit of *ERH* by its *Dinner Dance and Journal Committee*. The check represents the net proceeds from the September 18th dinner dance held at the *Hudson Valley Resort*. Mr. Kuhlmann was the honoree at the dinner dance in recognition of his years of trustee service to both *Ellenville Community Hospital* and *ERH*.

The *Dinner Dance and Journal Committee* was responsible for selling advertising in the journal and laying it out, as well as making all arrangements for the dinner dance, from the choice of location and menu to the program, the reservations and seating arrangements to the music. More than 100 hospital supporters attended the annual function.

Dinner Dance and Journal Committee members making the presentation to Kelley and Kuhlmann are Debbie Briggs, Sylvia Kalipolites, Mary Beth Lutz, Mildred Resnick, Michael Ronan, and Mary Sheeley. The proceeds from the event are the largest in recent years, reflecting increased concern and interest in the future of *Ellenville Regional Hospital*, as well as tremendous commitment and hard work by committee members.

Thank You

by Elyssa Garcia

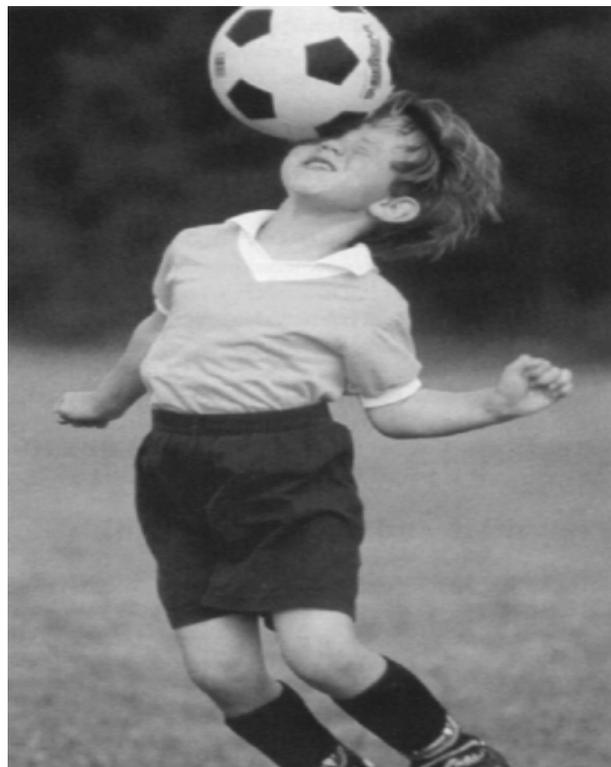

Thank You for all of the sweet things that happen,
Thank You for health in my life,
Thank You for all of my friends,
Thanks for defeating my strife,
Thanks for making me educated,
Thanks for having fun,
All of these *Thank You's* come from my heart,
And the hearts of everyone!

(I hope you like my poem! Thanks!)

Each year, youths under the age of 15 suffer more than 227,100 soccer related injuries. Although soccer can be a great overall sport for children, some youngsters are enduring mild-to-severe head traumas, neck injuries, damage to the cervical spine, headache, neck pain, dizziness, irritability, and insomnia as a result of their participation in this sport.

The doctors at *Craft Chiropractic* have received specialized training in the treatment and prevention of sports-related injuries.
