

What says summer in the country like evening open-air band concerts in a village square?!! Another three **Music In the Square** concerts presented by the **Chamber of Commerce** offered a diverse range of popular music for the community. First, below, River's Edge, played country music; next, right, Swing Shift Orchestra played classic big band music; then, above, the Ellenville Community Band played symphonic band, march, and movie music.

Pictured below are Mr. & Mrs. Thomas Murray of Phillipsport with the Sally Berger painting Mr. Murray won in a raffle sponsored by the Shawangunk Garden Club.
