**Provident Bank:**  
A growing business’s best friend.

One of the largest private animal hospitals in the world, Oradell Animal Hospital was built from the ground up, with a healthy dose of land acquisition and construction financing from Provident Bank. Oradell now offers Bergen County’s only 24/7 emergency service. Patients and their families count on the comprehensive facility for state-of-the-art care and specialized procedures.

Oradell Animal Hospital counts on Provident Bank. The full-service community bank financed the thriving practice’s leading-edge equipment, and provides payroll processing for 250 employees and Online Cash Management services for 24/7 banking convenience. While other banks have tried to “woo” away Oradell’s business, they stay with Provident Bank because their personalized, friendly service is truly a breed apart.

For personalized service and to help your business grow, connect with Provident Bank. Call us at **845.369.8040**, or visit us at [www.providentbanking.com](http://www.providentbanking.com).
